7. Last step is checking the installation open command prompt (komut istemi) and enter " java –version " keyword if you do not get any error your installation is successfully done otherwise check your steps again.

HOW TO INSTALL IDE

- 1. Eclipse
 - a. Visit the website

http://www.eclipse.org/downloads/packages/eclipse-ide-java-developers/mars2

- b. Select OS and download the Eclipse.
- c. Just extract zip file and double click application file and use.
- 2. NetBeans
 - a. Visit https://netbeans.org/downloads/index.html
 - b. Download Java SE
